

Guidelines for use of

Child Nutrition Council of Manitoba Funding for Nutrition Support for Learning at Home Due to COVID-19

CNCM Grant funds are available to be used as you deem necessary and appropriate for your school environment, including sending food home for remote learning students.

- ❑ Approve plans with your school administration and division.
- ❑ At least 80 percent of your total annual grant is meant for food purchases.
- ❑ At most, you may use up to 20 percent of your total annual grant (or \$500, whichever amount is less) for cleaning & sanitizing products, food delivery, small kitchen equipment, and/or supplies such as food packaging materials, disposable dishes, spoons, and napkins if required.
- ❑ Select nutritious foods that align with Council resources, Canada's Food Guide and Manitoba School Nutrition Guidelines.

All programs using CNCM funds for supporting students while they are learning at home will be required to:

- ❑ Submit itemized receipts for all purchases with the Year End Report.

All programs NOT using CNCM funds due to classroom suspensions will be required to:

- ❑ Contact us to discuss returning any unused Council funds so they can be redistributed to programs that are continuing to provide food to students.

Program Dietitians with the Council, are available to support you through this process and answer any questions you may have.
